# End Energy Poverty! Forum and the WELLBASED Manifesto

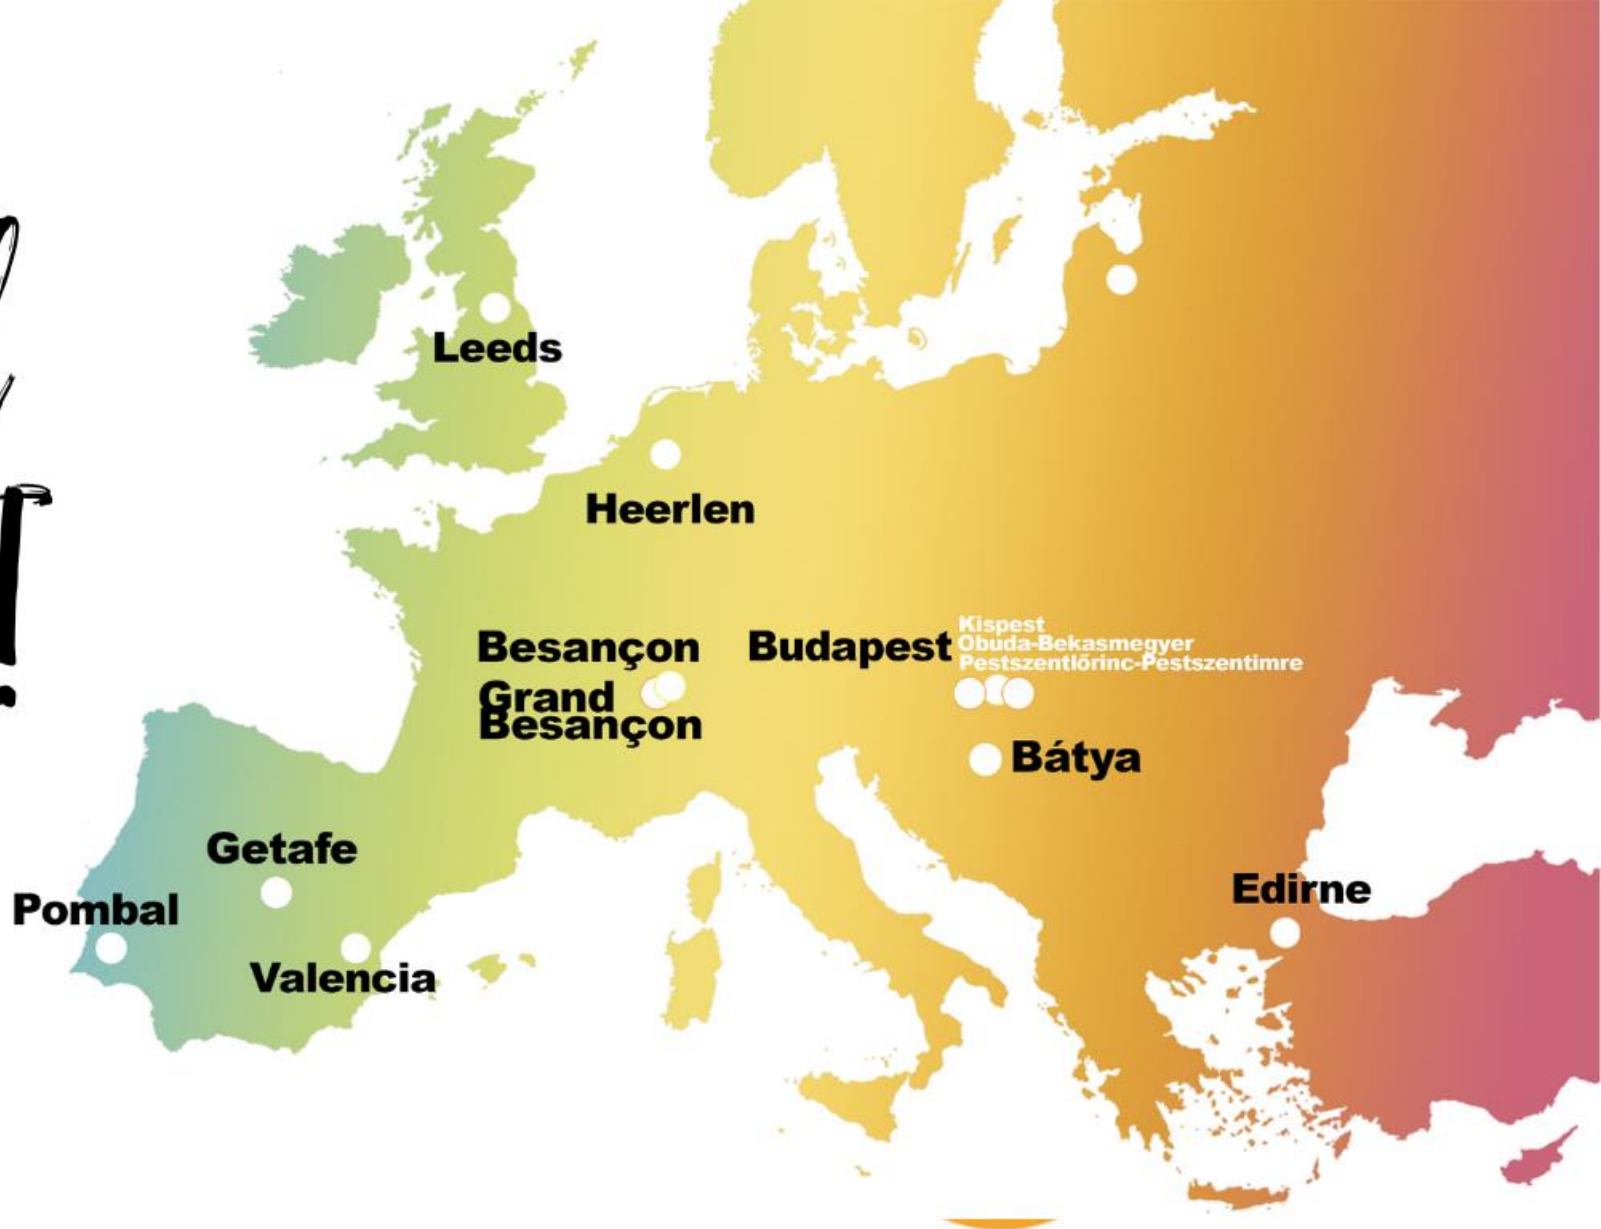

## End Energy Poverty! Forum

- End Energy Poverty Forum (EEPF) is an informal alliance of energy justice and health experts that has been launched in 2023
- EEPF seeks to fill the knowledge gaps and to bridge on-the-ground practices, scientific evidence and policy
- 3 online gatherings in 2023 and 2024
  - Main goal: to identify the most relevant advocacy issues and the most promising advocacy processes
- 1 in-person (hybrid) event in Brussels in December 2024
  - 2.5 hours session with EU and local level debates around energy poverty and health

## WELLBASED Manifesto of local governments

- Aimed at local leaders to raise awareness at European level of the problem of local energy poverty
- The signatory cities recognize their role to fight energy poverty beyond short-term solutions and show their commitment

*They signed  
the manifesto!*
